INTERESTING FACTS

En papillote is an expression from French kitchen lingo and means cooked in foil. Papillote actually means candy wrapper in French. This cooking method is used for fish, meat and vegetables that are wrapped en papillote, i.e. in oiled (parchment) paper and fried.

The **scallop** shell has become well-known as a pilgrim's shell: it symbolically points the way to Santiago de Compostela for hikers on the famous Way of St. James. In the kitchen, the scallop always points the way to great pleasure. Scallops are not only a delight for gourmets: their tender, firm meat with a nutty flavour is probably one of the most popular mussels.
